Europe's New Defence Trade fair on tour

Euro Defence Expo at Rü.Net: Introducing the New Exhibition Format

Bonus for Exhibitors: 15 per cent Discount on Stand Rental

This year, Euro Defence Expo (EUDEX) is making its debut with its own stand at Rü.Net. On 3 and 4 September, the exhibition team will be on hand at the Defence Users Forum to provide information about this new international trade fair for the defence industry. Stand 5 A, located directly at the entrance to the Rhein-Mosel-Halle in Koblenz, will serve as a central point of contact for anyone wishing to find out more about EUDEX. "This partnership highlights the close collaboration between two strong partners. CPM-Verlag, the organiser of Rü.Net, is an official partner of Euro Defence Expo. Together, we are creating an environment where innovation, exchange and future trends in the defence industry come together," says Julia Jacob, project manager of EUDEX, which will take place at Messe Essen from 22 to 25 September 2026.

The team behind the new defence trade fair has a special bonus in store for Rü.Net exhibitors: they will receive a 15 per cent discount on EUDEX stand rental. This will enable them to significantly increase their visibility and reach within the security and defence community.

An International Platform for Innovation, Networking and Visibility

For project manager Julia Jacob and her team, RÜ.NET is the ideal opportunity to present the new defence exhibition directly to the relevant decision-makers. The topics of the Users Forum closely align with the content of the exhibition. Euro Defence Expo offers experts, decision-makers and innovators valuable contacts and the opportunity to exchange ideas. Synergies with high-profile parallel events such as the NATO-JAPCC Conference, the CPM Conference and the Security Essen trade fair will create a unique meeting place for the international defence industry at Messe Essen next year.

Further information about the trade fair is available at www.eurodefenceexpo.de
